

## 1. Different types of buttons in flutter

<https://stackoverflow.com/questions/64179998/raisedbutton-vs-elevatedbutton-flatbutton-vs-textbutton-and-outlinebutton-vs-ou>

<https://docs.flutter.dev/release/breaking-changes/buttons>

## 2. How to Remove padding from TextButton

<https://stackoverflow.com/questions/66291836/flutter-textbutton-remove-padding-and-inner-padding>

## 3. Adjust the gap between the text and the underline in TextField widget

<https://stackoverflow.com/questions/53644897/how-do-i-remove-content-padding-from-textfield>

## 4. Flexible and Expanded

<https://www.youtube.com/watch?v=CI7x0mAZiY0>

<https://www.youtube.com/watch?v=rnZaagadyo>

<https://docs.flutter.dev/development/ui/layout/box-constraints>

Food for thought: What's the difference in the use case of flexible and expanded widgets?

## 5. Stateful vs stateless widgets
